

Brush and Tree Limb Collection

Village Public Works crews collect brush and tree limbs left curbside each week from mid-April through mid-October. Tree limbs should be as long as possible, placed with the cut ends facing the road. Only brush generated by Village residents will be collected. Contractors must remove their own brush.

Fall Leaf Collection

Village Public Works crews collect leaves raked curbside each fall. To avoid flooding and snow removal problems, rake leaves to the curb only. Leaves must not be raked into the street. Bagged leaves will not be collected. Leaves must be piled to within three feet of the curb or edge of road, otherwise they will not be collected. Leaves will be vacuumed beginning mid-October through mid-November, weather permitting. Call the Department of Public Works at 652-6057 with any questions.

Grass Clippings

A minimal amount of containerized grass or lawn clippings will be collected along with regular trash. Containers of yard waste are considered part of the four can weekly limit. Grass clippings are also accepted on a drop-off basis at an attended, fenced area near the DPW garage on the Pine Street Extension, from 9 a.m. to 2 p.m. on Saturdays from mid-April through mid-October.
