

The part-time Bike Patrol consists of a Lieutenant (Greg Cook) and seven Officers (Rick Daminski, Darren Longboat, Bob Braeuner, Dave Suttell, Bob Bleyle, Paul O'Brien, Mike Feldman) who utilize the police bikes on a variety of details. In addition to bike officers promoting community relations through closer contact with the community, it also serves a purpose in law enforcement through its stealth-like style of patrol and the ability to get into tight areas quickly. The bicycles are fully equipped police bikes that include basic first aid equipment, lights and whatever the Officer deems necessary to take with him. When on patrol officers would handle any call as he would if working a motorized patrol.
