

Minutes Historic Preservation Commission, Village of East Aurora NY

July 6, 2018

Meeting commenced at 6:03 pm

Present: Mary Ann Colopy (chair), Mark Warren, Mike Lemmon, Pat Mahoney, Mike Reid

New Business:

Application addendum for demolition of garage at 617 Crescent, East Aurora. Application was dated 6.27.18 and discussion ensued on the short amount of time the Commission had to review the application. Consensus was the structure does not possess criteria for historic preservation, is not a presence from the street view, and demolition will not affect the neighborhood character. Home owner Ms Wasner was present.

With the absentee votes of Saxon Deck and Daniel Scheif, it was moved and passed to approve the addendum to application for demolition of the garage at 617 Crescent Ave.

Bill Krammer, from the village building department, was present and offered to convey the HPC decision to the Village Board at their next scheduled meeting.

Old Business:

Pat Mahoney and Linda Ulrich will have a discussion with Mr Lydell about his COA progress.

Mark Warren will look into the requirements to amend village law to add timeliness to COA applications and law.

Mike Lemmon will forward design guidelines from PBN to the Commission.

Mark Warren has a photographer working on additions to the design guidelines.

This meeting was in lieu of the regularly scheduled July meeting, normally the second Wednesday of the month. It was further decided to waive the August meeting due to summer vacations. Next meeting September 12, 2018.

Meeting adjourned 6:28pm
